May we respectfully draw your attention to

ScotEID

Regulations regarding animals being brought to the Show where it is intended to return them to the same holding:-

The keepers of the cattle are still required to record the movements of the animals to show both in their own Farm Movement Book and on the Passport Document themselves.

- Cattle on ScotEID Registration will need to have their Passports updated in the usual manner.
- Cattle travelling on a new style Passport will need to have the movements "off" their holding of origin and back onto it recorded in the normal manner. Producers will need to enter the name of the show and its location into the Passport in manuscript.

In compliance with these regulations the Show Stewards will request all Passports. Any competitor not in possession of their Cattle Passport will, in accordance with the Regulations, be asked to remove their animals from the Show Ground immediately.

Please note that no cattle beast will be allowed entry to the Show Ground unless the relevant Passport, signed by the exhibitor, is forwarded to Cattle Section Steward on the morning of the Show. This rule includes any cattle to be entered in the Young Handlers Classes.

Please also note that any animal coming from a Scottish holding must have a "negative" herd status for BVD or be individually tested negative for the BVD virus.
